

Criminal Background Search for Prospective Membership and Adult Guests:

With the effect of this policy your initial stay as an adult prospective member and/or adult guest of a member thereafter will need a criminal background search performed by the state they reside and the expense incurred will be the prospective member/guest's responsibility. The results from the State agency will be sent directly to the Membership Chair and will be retained in the membership files. Upon making a lodge reservation the Monthly and/or Weekend coordinator will contact the Membership Chair for approval to accept the reservation. The Membership Chair will only give a yes or no answer and will not communicate any additional information in order to keep this information strictly confidential. This background check will not include fingerprint cards.
